

AUTOMATIC FOUNDATION FLOOD VENTS

Foundation Flood Vents, ICC Certified to the flood requirements of all building codes and the insurance requirements of FEMA, for the automatic relief of hydrostatic pressure on the foundation walls due to rising or falling floodwaters. The all STAINLESS STEEL construction meets or exceeds all flood resistant materials codes. Use 2/3 less flood vents with our Engineered Openings.

Models to choose from:

- **Smart VENT™**: Model#1540-510 (SVENT) In Stock. Used when flood protection & ventilation are both required.
- **Flood VENT™**: Model#1540-520 (FVENT) In Stock. Used when one needs flood protection, but does not need or want ventilation.

(FVENT) & (SVENT) **\$210⁰⁰** Ea.
